MULLIGAN'S

Yes, we're allowing you to CHEAT and reshoot a few of your misses! For an additional donation of \$20 you will be allowed to reshoot 3 chosen missed birds.

That's \$20 to reshoot 3 misses at skeet and an additional \$20 to reshoot 3 misses at 5-Stand. *No more than 3 Mulligan's per shooter per club.*

Rules for Mulligan's:

1. You must buy them when you register, BEFORE you start shooting.
2. You must buy them separately when you register at each club.
3. You must call "Mulligan" IMMEDIATELY after the miss you want to reattempt.
4. You're stuck with your new score so use them wisely.
5. You can use them on three misses in a row, in three separate rounds, it doesn't matter – your choice. But you MUST tell the trapper you want to use one immediately after the miss you would like to reshoot. After you've left the station it's too late to call for a Mulligan.

The score keeper will have a list of who has purchased Mulligan's and how many each person has used.
